

**ES PRINT SOLUTIONS – The Environment**

**Environmental Policy**

ES Print Solutions will perform all operational activities to minimize all issues of negative impact in a manner that balances with cost effectiveness and consideration of the views of – Community – Customers – Employees – Suppliers – Regulatory Bodies and any other interested parties.

We will manage our business to meet the requirements of legislative and regulatory bodies.

**We endeavour to:**

- Raise environmental awareness and encourage action in the workplace and home.
- Minimize raw material use, waste and emissions through careful design, contract specification and process control. **Actively promote recycling both internally and amongst its customers and suppliers.**
- **Source and promote a product range to minimize the environmental impact of both production and distribution.**
- Monitor and minimize energy consumption.
- Continue improvements and good practices. Endeavour where possible to reduce **greenhouse gas emissions and our carbon footprint generated by our activities.**

**Our Commitment**

ES Print shares the responsibility for environmental management with all employees who all have a responsibility to continually improve our environmental performance and we will periodically review our policy  
We endeavor to be as natural, environmental responsible renewable as possible.
